Artistar Jewels is the annual event promoting the contemporary jewel. It serves as an international showcase for famous artists and as a springboard for the emerging designers. Artistar Jewels was founded in 2012 in Milan by the designer Enzo Carbone. By the years the event developed and now it has more than 100 designers participating to each edition. Artistar group, made of artists, architects, journalists and communication professionals, aims at being a benchmark in the contemporary jewelry scenario by promoting designers and artists both in Italy and in the rest of the world through several initiatives. The shop on line [www.artistarijewels.com](http://www.artistarijewels.com) is a virtual window by which easily and simultaneously communicate your creativity and sell your creations. Who visits the website can admire the exhibited jewels, learn the project philosophy behind them and get in touch with the artists. This reality also periodically spreads news about contests, free workshops, events and commercial partnerships. All the participants to the contest are included in the famous volume published by Logo Fausto Lupetti Editore; a book distributed both in Italy and in the European capitals. #### **GABRIELA SECAREA - INSIDE OUT MANIFESTO**

History has its own way of repeating itself, moving within its own circle of events, therefore it is important to know our past in order not to repeat the mistakes of our ancestors. World War I is a reality not only of the past, it is a reality of the present. The base of the brochure is in the form of a nest, representing both the past and the idea of the earth globe, of the world as a whole. I have chosen the bronze color because it reminds us of the helmets of World War I, but also the metal shade from which the bullets were made. Also bronze is often associated with the idea of "old". The silver white represents the present and the ways of non-violent fight.

Congratulation on behalf of ARTISTAR and Assamblage! :)
