## Artistar Jewels

The annual event promoting the contemporary jewel. It serves as an international window for famous artists and as a springboard for the emerging ones. Artist Jewels was founded in 2012 in Milan by the designer *Enzo Carbone*, by the years the event developed and now it counts more than 100 designers participating to each edition.

Artist group, composed of artists, architects, journalists and communication professionals, aims at being a benchmark in the contemporary jewel sector by promoting designers and artists both in Italy and in the rest of the world through several initiatives.

The shop on line [www.artistarsewels.com](http://www.artistarsewels.com) is a virtual window by which easily and simultaneously communicate your creativity and sell your creations. Who visits the website can admire the exhibited jewels, learn the project philosophy behind them and get in touch with the artists.

This reality also periodically spreads news about contests, free workshops, events and commercial partnerships. All the participants to the contest are included in the famous volume published by Logo Fausto Lupetti Editore; a book distributed both in Italy and in the European capitals.

In order to participate to Artistar Jewels 2017, please present your submission to [selezione@artistar.it](mailto:selezione@artistar.it) by the **5th of August**. You can consult the competition announcement on [www.artistar.it](http://www.artistar.it)
